Accessories

- Machine
  - **Air conditioning of the main electrical cabinet**
  - **Frame for lowering the pile plate into the foundation (feeder and delivery)**
  - **Intercom between feeder and delivery**
  - **Spare set of UV rollers (8 inking and 2 dampening rollers)**
- Console
  - COLORTRONIC : ink, damping and axial, circunferential, diagonal register remote control
  - **QualiTronic ColorControl - Inline measuring of the color density**
  - **ErgoTronic ColorDrive: automatic density measurement at the console, with motorized measuring head and suction table**
  - ErgoTronic with TouchTronic and AutoRun : touch-screen console with automatic job start
  - **ErgoTronic Lab – Color measurement and control based on Lab values**
  - Ergotronic Control Console : ink, axial, circumferential and diagonal remote control
  - **Wallscreen – display of all machine processes**
  - **LogoTronic CIPLinkX with PC – CIP3/PPF prepress data converted into machine presets**
- Feeder
  - Suction belts on feeder
  - Double sheet electronic detection
  - DriveTronic Feeder : direct-drive feeder
  - Non-stop on feeder
  - **Feeder anti-static device, high-performance version, with side blowers**
- Printing Units
  - Varidamp damping
  - Automatic roller wash-up device
  - Chromed impression cylinders
  - Air-fed sheet guide plate beneath the transfer drum ("suction air cushion")
  - **FAPC fully automatic plate change**
  - **CleanTronic Baldwin: combined washing of inking rollers, blanket and impression**

cylinders, with parallel washing
    - **Technotrans beta.c combined cooling unit for dampening and ink temperature control, with AlcoSmart AZR for isopropyl alcohol (IPA) dosing**
    - **UV/mixed printing units with rollers for UV inks**
    - **Preparation for ink fountain roller cooling**
    - **Anti-hickey device**
    - **UV ink mist extraction on the 4 printing units**
    - **4 pneumatic ink agitators**
    - **Additional chromed oscillating rider roller under the dampening form roller**
    - **Kasper manual washing cloth unwinder and 2 spare mandrels**
    - **Technotrans alpha.f cabin : dampening solution fine filtration**
- Delivery
    - **Nonstop-Rollo: lowerable non-stop roller blind**
    - **KBA VariDry LED-UV dryer in the delivery, 90 W/cm (10 kW), 4 formats, chilled water cooling**
    - **Eltosch Grafix PowderMax powder spray with antistatic device, connected to the console**
    - **EES: air extraction in the delivery against odours**
- Peripherals
    - **Becker air pumps cabinet**
    - **Kaeser AirCenter SX 6 compressor (screw compressor with integrated dryer and air receiver)**
    - **Kaeser SECOTEC TA 5 refrigeration dryer for compressed air**
    - **Isolation transformer**
- Various
    - **Manual plate punch**
